Cinema on the Bay 2017

Cinema on the Bay, presented by Residents For a More Beautiful PW and the Town of N. Hempstead, has become a favorite summer tradition at Sunset Park. What could be more idyllic than bringing lawn chairs, blankets and a picnic dinner (or ordering take out!) to a park along the water on a summer evening?

This season kicks off on Sat., June 17 at 8:30pm with *Star Wars: The Force Awakens*. Three decades after the defeat of the Galactic Empire, a new threat arises.

Three other movies are planned throughout the summer. Contact Lisa Grossman at 767-9151 or lgrossman@pwresidents.org for more info or visit their website at pwresidents.org.

The L.I.E. Driver Mantra

Dave Allen

Those of you who commute regularly on the Long Island Expressway know immediately what I mean when I say 'the L.I.E. Driver Mantra'. ... no matter what... do not make eye contact. Eye contact means acknowledging you are about to do something that is probably dangerous or, at least, inconsiderate.

Eye contact means acknowledging the other person exists.

Of course that means you would be obligated to recognize them and, possibly, be nice in one way or another.

Well, it seems that the L.I.E. Mantra is spreading and I do not know which is more troubling.. the fact or the solution.

How many times have you stood at a doctor's reception counter while people on the other side busy themselves, walking back and forth and discussing one thing or another? You know the feeling, they make no eye contact with you, they do not say 'hello,' or 'someone will be with you in a minute.' By not making eye contact they do not admit you exist, so they have no obligation to welcome you.

In the larger stores we dodge very busy, self important, clerks moving through the aisles with the attitude that their ability to put the cans of peas on the shelf is more important than the customers trying to purchase them.

Ok... the easy solution is to exhibit a bit of courtesy on all sides and local shopping would be a bit more pleasant.

However... as in all such situations, there are some shopkeepers (of all sizes) who have recognized the 'problem' early and developed a system to correct it.

Yep. I am referring to the practiced speech that says 'welcome to our wonderful store and excellent help.'

I do not know how it sounds to you but the practiced line is just about as offensive as being ignored... and I'll bet you still cannot make eye contact with the person delivering the 'welcome' line.

"Have a Good Day"
